We all know there are a million reasons why we think Spencer Pratt is a douchebag.

But I thought I'd highlight the reasons why Heidi is an even bigger idiot than he. Once you read the following, I think you'll find it hard to argue.

1. Heidi moved in with Spencer even after she had crazy trust issues with him and had first-hand seen him flirting with other girls, and knew he was after Audrina. - Ya remember those days?

2. Heidi stood up for Spencer when he spread sex tape rumours about Lauren. In the process of doing so she lost her best friend.

Who stands up for someone who would do such a sleezeball thing to your best friend just because they didnt get along?

3. Heidi went along with the insanely immature move of yelling at Lauren and Jason from across a restaurant, asking them if they planned on making any more sex tapes.

4. Heidi left Las Vegas, during the biggest career opportunity of her life, to appease Spencer who came to claim "his property" when he found out she had flown out there.

5. And finally, she continues to allow Spencer to disrespect her and her sister Holly by being rude and making ridiculous comments about Holly staying with them while trying to find a place.

Now obviously Spencer is the cause of all of these crazy scenarios. But Heidi does nothing but stick by the loser!
