We've confirmed that Antonella Barba who is a current contestant on American Idol has been found to have both semi-nude and pornographic images displayed on the internet.

Our sources, close to the producers of American Idol have also confirmed that Ms. Barba will be eliminated from the show for this behaviour.

"The producers are both shocked and upset by these revelations", our sources tell us, "the entire screening process for American Idol is being reviewed and details will be released which will resolve this situation".

Antonella although a mediocre performer on stage seems to shine in the bedroom. Her fallacious skills are apparently unmatched and we wonder if the subject of her "vocal training" was happy about the resulting happy ending (we certainly hope that there was a happy ending). We'll keep you up to date on this breaking news story, since we're all completely sick of hearing about Anna Nicole Smith, there's juicier stuff happening.
